Networking breakfast and registration

9.00

Chair's opening remarks

09:05

Keynote

09:25

Back to reality: taking stock of sustainability efforts in Asian financial markets

- How are government net zero plans unfolding and what will it mean for investors?

- Which institutions are driving sustainability the most progress in terms of real-world impact?
- What is the role of public-private collaboration?
- Is the region ready for a 1.5- or 2.0-degree scenario in the coming decade?

Jenn-Hui Tan, Global Head of Stewardship and Sustainable Investing, **Fidelity International**

Yuki Yasui, APAC Managing Director, **Glasgow Financial Alliance for Net Zero (GFANZ)**

10:05

Asia's asset owners panel

- What role does ESG play as a protector of value from the viewpoint of asset owners?
- Has investing sustainably become more challenging for asset owners over the past two years?
- What is keeping senior leaders at asset owners up at night in 2023?
- How are investors prioritising their time and efforts on sustainability – is it really front and centre now?

Hazman Hilmi Sallahuddin, Chief Investment Officer, **KWAP**

Wong Wai-Seng, Head of Strategy and Asset Allocation, **Khazanah Nasional Berhad**

10.45

Break

11:15

Asia regulators' roundtable

- What will the ESG regulatory environment in Asia look like in the coming years?
- How are different jurisdictions going about encouraging greater sustainability practices of corporates?
- Is there a connection between sustainability and global competitiveness in the mind of regulators and policy makers?
- In what respects are Asia's regulators competing with, complementing or imitating other regions' efforts?

Abigail Ng, Head of Markets Policy and Infrastructure, Capital Markets Group, **Monetary Authority of Singapore (MAS)**

Kamran Khan, Managing Director, Head of ESG for Asia Pacific, **Deutsche Bank**

12:00

Scaling transition finance in ASEAN

- What investable transition finance products are currently available for investors?
- How are Asian corporates looking to decarbonise?
- How are national net zero policies of Asia governments intersecting with investor decarbonisation efforts?

- To what extent are enabling legislation and subsidies needed to scale the transition in Asia (e.g. as the Inflation Reduction Act in the US)?

Monica Bae, Director of Investor Practice, **AIGCC**

Heidi Yip, Head of Sustainable & Transition Solutions, Southeast Asia, **BlackRock**

12:40

Protecting and restoring Asia's biodiversity: the role and responsibility of investors

- Can investors achieve biodiversity impact?
- Is there sufficient investor demand for biodiversity credits?
- How is TNFD being received by Asia corporates and investors?
- What are the challenges when it comes to biodiversity data?

Paul Chandler, Director of Stewardship, **Principles for Responsible Investment**

13:15

Lunch

14:00

ISSB, GRI, TNFD: the evolution and interoperability of reporting standards

- How are investor and corporate reporting norms changing in Asia?
- To what extent are new reporting frameworks compatible and interoperable from the viewpoint of investors?
- How are investors adopting the ISSB standard?
- Is reporting being done for its own sake?

Allinnettes Go Adigue, Director ASEAN, **Global Reporting Initiative**

PwC, speaker TBC

14:40

Corporate transition plans: a question of credibility

- What are the ingredients in a robust transition plan?
- Are investors providing consistent messaging to companies with their voting?
- How are local Asian, vs global, investors scrutinising transition plans?
- Is voting against directors likely to be a phenomenon we see in Asia?

Mervyn Tang, Head of Sustainability Strategy, APAC, **Schroders**

Charles Nguyen, Managing Director, Head of ESG Investing Asia, **Neuberger Berman**

PwC, speaker TBC

15:20

Coffee & Networking

15:50

ESG data in public markets: challenges and the next frontiers

- How is the lack of data and uniformity of standards affecting the robustness of ESG efforts?
- What ESG data do the different types of investors need to make informed investment decisions?
- What are the data challenges in Asia and other emerging economies?
- How are the financial data providers reacting to this emerging non-financial data challenge/opportunity?

16:30

A new dawn for carbon markets in Asia?

- How successful has carbon trading in Asia been to date?
- Who are the key investors in jumpstarting international carbon markets?
- What are views of the suppliers of carbon credits, and buyers of carbon offsets?
- Are carbon credits a poor excuse for genuine climate action?

Nuomin Han, Head of Carbon Markets, **Wood Mackenzie**

17:15

Cocktail & Networking Reception

Day two

Wednesday 30th October

08:30

Registration & Networking

09:10

Physical risk, resilience, and climate adaptation

- What are the main Asia-specific climate risks?
- Who is leading work in understanding climate risk (e.g. from the insurance companies) and how can this be applied to investment decisions?
- What new innovations are insurers and reinsurers bringing to market?
- How is the market for climate adaptation solutions, what is being done in the real economy to build resilience?

Anjali Viswamohanam, Director, Policy, **Asia Investor Group on Climate Change (AIGCC)**
Tomomi Shimada, Executive Director, Sustainable Investing Strategist, APAC, **J.P. Morgan Asset Management**

09:50

- What are the limits of corporate engagement?
- How do investors achieve impact in engagement?
- What does engagement success look like?
- What are the carrots and sticks of in the engagement toolbox?

David Smith, Senior Investment Director, **Aberdeen Standard Investments**
Darian McBain, CEO, **Outsourced Chief Sustainability Officer Asia**
Felix Lam, Executive Director, Asia ex Japan Head of Investment Stewardship, **J.P. Morgan Asset Management**

10:30

Transition investing & the fixed income market

- How can investors help scale a credible sustainability-linked bond market in Asia?
- Does the transition bond market have a future outside of China and Japan?
- What opportunities for growth are there in the green bond market?
- How can investors navigate differing standards and guidelines across countries?

Jason Mortimer, Head of Sustainable Investment - Fixed Income & Senior Portfolio Manager, **Nomura Asset Management**
Ricco Zhang, Senior Director, Asia Pacific, **ICMA - International Capital Market Association**
Hazel Ilango, Research Analyst, Credit (APAC), **Anthropocene Fixed Income Institute**

11:00 Coffee & Networking

11:30

Deep dive into blended finance solutions

- How are blended finance solutions faring in enticing private capital?
- Why isn't blended finance a bigger thing?
- Originating in emerging market investing, how can the blended finance structure be applied to transition investing?
- Where is innovation still needed in blended finance products and how can they be scaled?

Martin Ewald, Managing Director, Head of Private Equity Impact Investment, **Allianz Global Investors**

12:15

A question of impact and scale: analysing the landscape of different financial products

- What is the potential of different transition products, whether blended finance, impact funds, ESG index funds, green & transition bonds, to affect change in the real economy?
- To what extent is climate mitigation and decarbonisation progress reliant on the availability of financing of solutions (as compared to technology or resource constraints)?
- Which transition finance models have the soundest theories of change?
- What is the investor appetite for different 'sustainable' financial products?

Ayako Kageyama, Senior Expert, Sustainable Investments, Asia and the Pacific, **United Nations Development Program**

13:00 Lunch

13:45

Exploring progress on diversity, equity and inclusion in Asian finance

- How are corporates and investors looking at issues related to DE&I?
- The state of play: what are the figures around gender equality and minority representation?
- Given the different cultural history of Asian economies, is the DE&I agenda a western import?
- Which issues related to DE&I do Asian investors take most seriously?

14:30

Keynote TBC

15:00

Supply chains in Asia: addressing ESG concerns and material risks

- What are the most material ESG risks in corporate supply chains?
- How are human rights risks in supply chains being addressed?
- Which issues and risks are most concerning for corporates?
- What is the role of investors in supply chain sustainability?

15:45 Closing of conference
