Jeanie Tham, Global Head of Purchasing Sustainability Adhesive Technologies, Henkel

10:15

Day two keynote: SSFA – reflections on year gone, priorities for 2025 and opportunities for collaboration

The Singapore Sustainable Finance Association (SSFA) is an industry body established by the Monetary Authority of Singapore (MAS) along with the financial industry in January 2024.

Building on the successful work of the Green Finance Industry Taskforce (GFIT), SSFA is established to collaborate across the financial institutions, real economy corporates, policymakers, academia, and other ecosystem enablers to support the growth of Singapore as a trusted, vibrant, and inclusive sustainable finance centre.

This session we'll hear from the director of the SSFA on the impetus for the formation of SSFA, key objectives, the overall approach taken by SSFA in organising FIs and real-economy players, identified priority areas, and the expected deliverables and collaborations.

Kavitha Menon, Director, Singapore Sustainable Finance Association (SSFA)

10.30

Deep dive into blended finance solutions

- How are blended finance solutions faring in enticing private capital?
- Why isn't blended finance a bigger thing?
- Originating in emerging market investing, how can the blended finance structure be applied to transition investing?
- Where is innovation still needed in blended finance products and how can they be scaled?

Moderated by Kavitha Menon, Executive Director, Singapore Sustainable Finance Association (SSFA)

Yash Mishra, Head of Impact Finance, Alliance to End Plastic Waste (AEPW)
Kalpana Seethepalli, Director for ESG for APAC, Middle East and Africa, Deutsche Bank
Nicholas Gandolfo, Director Blended Finance & Transition Finance, MUFG

RI Asia 2024

11:15

Coffee & Networking

11:45

A question of impact and scale: analysing the landscape of different financial products

- What is the potential of different transition products, whether blended finance, impact funds, ESG index funds, green, transition and sustainability-linked bonds, to affect change in the real economy?
- To what extent is climate mitigation and decarbonisation progress reliant on the availability of financing of solutions (as compared to technology or a favourable policy environment)?
- Which transition finance models have the most pragmatic theories of change?
- What is the investor appetite for these different 'sustainable' financial products?

Moderated by Alexandra Tracy, Head of Research, Carbonless Asia

Ayako Kageyama, Senior Expert, Sustainable Investments, Asia and the Pacific, United Nations Development Program

Natasha Garcha, Senior Director, Innovative Finance and Gender-Lens Investing Specialist, Impact Investment Exchange (IIX)

Kazuhiko Yoshimatsu, General Manager & Chief Representative, Singapore Branch, Tokyo Stock Exchange

12:20

Transition investing & the fixed income market

- How can investors help scale a credible sustainability-linked bond market in Asia?
- Does the transition bond market have a future outside of China and Japan?
- What opportunities for growth are there in the green bond market?
- How can investors navigate differing standards and guidelines across countries?

Moderated by Ricco Zhang, Senior Director, Asia Pacific, ICMA - International Capital Market Association

Jason Mortimer, Head of Sustainable Investment - Fixed Income & Senior Portfolio Manager, Nomura Asset Management

Hazel Ilango, Research Associate, (APAC), Anthropocene Fixed Income Institute

Christina Ng, Managing Director, Energy Shift Institute

RI Asia 2024

13:00

Lunch
