Global Sponsorship Opportunities

Investor connections and industry insights
across Asia, Europe, and the Americas.

PEI

Connect with a community of leading institutional investors

RI conferences provide the opportunity to **learn from leading players in sustainable finance**, gain insights, and **discuss opportunities and challenges in ESG**.

As a sponsor, you will connect with decision-makers to share best practices and industry knowledge. Our events will put you in front of senior institutional investors to **gain exposure to new firms and meet your business goals**.

Our sponsorship packages will:

Increase your brand visibility to senior institutional investors

Embed your brand within the industry as a lead player by being positioned at the forefront of marketing activities.

Maximise your networking reach at the events

Receive early access to the attendee list and arrange those all-important meetings at our event.

Position your organisation as a thought leader within the industry

Strengthen your company's expertise within a niche industry and be heard by a global audience of institutional investors through targeted speaker opportunities.

In this new hybrid world, we still need the in-person piece. RI Europe hosts insightful discussions, drawing on the wisdom of attendees and not just the speakers. We all have so much to do to keep on learning about societal and financial risk management.
