BREAKFAST DEEP DIVES SERIES I

8:30 - 9:10 Human capital deep dive breakfast discussion 1 (for operating partners only): *New approaches to org design and transformation: sharing playbooks from real-world companies*

This interactive deep dive will provide a platform for an engaging discussion. Together, we will explore collaborative, data-driven approaches to align your operating model and organizational design with growth objectives in real-world portfolio companies.

- Strategy alignment: discover why aligning the board and management team with your growth strategy is critical and how this alignment defines the future operating model required to scale and grow the company
- Navigate organizational design challenges: learn how to effectively scale through acquisitions while proactively addressing common integration pitfalls in designing your future organization
- Engage management and the board: identify the essential leadership roles and contributions from your management team and understand when and how to involve the board for alignment
- Understand types of transformation: differentiate between operating model transformations, organizational redesigns, and restructuring efforts. Are you changing the organizing logic or refining existing structures and roles? Are you positioning the company for growth or cost reductions?
- Change management fundamentals: explore strategies for embedding change management from the outset by involving your team in collaborative design processes and addressing challenges to change proactively
- Real-world examples: analyze case studies of organizational changes that succeeded and those that faced challenges. What are the key risks/obstacles during implementation?

Facilitator:

Alice Mann, Founder and President, Mann Partners

8:30 - 9:10 Human capital deep dive breakfast discussion 2 (for operating partners only): *Leveraging broad-based employee ownership across the organization*

This deep dive breakfast session designed solely for operating partners will allow the audience to join an interactive discussion with designated facilitators.

- How do you go about setting up employee ownership? How do you get your executives and the board to be aligned on LTI implementations?
- How are you incentivizing your employees with it? What is the perceived value of it and how do you ensure the value of it is understood?
- Comparing different shared ownership programs across portfolio companies
- How effective has it been from a recruitment and retention point of view? How effective has it been to drive operational improvements?
- Showcasing its effectiveness in building a culture of ownership that aligns with the interests of investors
- What does the future of shared ownership and its scope look like for PE firms and portcos?
