Did you know you can earn CPE credits at CFO Data & Technology 2024? Here's what to know:

- **How can receive credits at the event?**
  Credits are earned by attending complete sessions and by ensuring that your badge is scanned on **entry and exit.**

  You will find a member of our team wearing a pink shirt at the doors of each qualifying session. They will scan your badge and your participation will be recorded. **Please note you will not receive any credits if you do not locate our team member and have your badge scanned.**

- **How are credits calculated?**
  Credits are calculated solely based on time spent in a CPE eligible session.

- **What are the total number of credits available?**
  The total number of credits varies based on the event and is determined by Event Operations staff. Please note, not all sessions offer credits.

- **Which sessions are ineligible for credit?**
  Non educational sessions i.e. welcome, housekeeping instructions and breaks. Please find eligible sessions below.

- **Are speakers eligible for credits?**
  Yes, speakers are eligible to receive two times the number of credits offered for their session.

- **How are credits calculated? Why am I missing credits?**
  Credits are calculated solely based on the time spent in a CPE eligible session. If you do not have your badge scanned on entry **and** exit, your attendance cannot be verified.

- **When can I expect to receive my certificate?**
  Certificates are typically available within 3 business days following the event. You will receive a link to our CPE portal where you can download your certificate.

- **Do I need a password to print my certificate?**
  No, please enter the email you registered for the event along with your first and last name to download a PDF of your certificate.

- **How long will my certificate be available?**
  Certificates are available for one calendar year following the event.
